

We Are All on the Seder Plate
By Julie Beth Lipson

We are all on the seder plate
We're having lots of fun
There are lots of us on our seder plate
And you can meet everyone!
END: (And now you've met everyone.)

Your parents like when you eat me
Because I keep you healthy and lean
My name is also a color
I am GREENS.

I am white and yellow
And oval with no arms or legs
I come from a chicken
I am an EGG.

My name starts with the Hebrew letter chet.
You'd better start chopping apples
If you haven't made me yet
I am CHAROSET.

I am very bitter
My door says do not disturb
Please don't bother me
I am BITTER HERBS.

Your dog likes to chew me
He won't leave me alone
But I belong on the seder plate
I am a SHANK BONE.
